

GeorgiaVIEW: Pinning courses to the My Courses widget

Some courses are pinned to your My Courses Widget (1). If you do not see the course, click "View all Courses" (2)

The screenshot shows the GeorgiaVIEW ABAC course page. At the top, there is a navigation bar with the college logo and various icons. Below the navigation bar, the course title "GeorgiaVIEW ABAC" is displayed. The main content area is divided into two sections. On the left, there is a "My Courses" widget with a grid of four course cards. Each card has a thumbnail image, a title, and a "Pin" icon. The first two cards are "Introduction to Animal Science Section 3 Spring Semester 2020 CO" and "Special Topics in Animal Science Section 1 Spring Semester 2020 CO". The last two cards are "Herd Health Section 2 Spring Semester 2020 CO" and "Herd Health Section 1 Spring Semester 2020 CO". A red circle labeled "1" highlights the "Pin" icons on the first two cards. A red circle labeled "2" highlights the "View All Courses" link at the bottom of the widget. On the right, there is an "Announcements" section with a title "Share your ABAC Experience" and a close button. The announcement text discusses the need for student testimonials and provides a link to an email form.

Then you can search for a course (1) or view all pinned courses (2) and unpinned courses (3)

I always search for a CRN (1), Then clicking the three dots when hovered over the course icon (2) you can pin the course to the widget (3)
